

Event Detail :

Name	SBHS Workshop
Start Date	2014-06-18
End Date	2014-06-18
No. of Participants	41
Venue	LCH, IIT Bombay
Details	The FOSSEE project based at IIT Bombay organized a one day workshop on SBHS (Single Board Heater System). SBHS is a lab-in-a-box setup useful for teaching and learning Control Systems. The faculty and students of many institute were invited to take part in the event and avail the opportunity to learn control systems using SBHS. This workshop was beneficial for the students and faculty members of Electrical, Electronics, Instrumentation & Control and Chemical Engineering.
